Notice of the Relocation of Headquarters and Development Center

Axelspace Holdings Corporation (“the Company”) hereby announces that its Board of Directors resolved at a meeting held today to relocate the Company's headquarters and development center, as described below.

1. Relocation of Headquarters

(1) New Address
12F Nihonbashi Honcho M-SQUARE
9-3, Nihonbashi Honcho 1-chome, Chuo-ku, Tokyo, Japan

(2) Relocation Schedule
Early September 2026 (planned)

2. Relocation of Development Center

(1) New Address
Shinkiba, Koto-ku, Tokyo, Japan

(2) Relocation Schedule
Mid-October 2026 (planned)

3. Purpose of Relocation

In anticipation of continued business expansion and future growth, the Company has decided to maintain its corporate headquarters functions in Nihonbashi while relocating the development center of its consolidated subsidiary, Axelspace Corporation, to Shinkiba. Nihonbashi is one of Japan’s leading hubs for the space industry, where numerous space-related companies and organizations are concentrated. The Company will maintain its headquarters functions in Nihonbashi, leveraging its strategic location as a key base for promoting collaboration within the industry and creating new value.

At the development center, environmental testing functions that have previously been conducted at separate locations will be consolidated. By integrating design, manufacturing, and testing operations within a single site, the Axelspace Group (“the Group”) aims to accelerate satellite development cycles and enhance quality consistency for mass production in collaboration with our manufacturing partners, thereby establishing a framework for the continuous delivery of highly competitive satellites.

By providing optimal environments tailored to the respective functions of the headquarters and development and manufacturing operations, the Group aims to create a workplace where diverse talent can thrive and maximize their potential. As a group committed to contributing to the development of the space industry, the Group will continue to strengthen its business foundation and pursue sustainable growth.

4. Impact on Financial Performance

The costs and expenditures associated with this matter are expected to be incurred in the fiscal year ending May 31, 2027. The consolidated earnings forecast for the fiscal year ending May 31, 2027, reflecting the impact of this matter, is scheduled to be announced at the time of the announcement of the full-year financial results for the fiscal year ended May 31, 2026.

5. Other

As both the current and new registered head office locations are within Chuo-ku, Tokyo, no amendment to the Company's Articles of Incorporation will be required in connection with this relocation.
