TOKYO OHKA KOGYO CO., LTD.

Notice Regarding Name Change of a Wholly Owned Subsidiary

TOKYO OHKA KOGYO CO., LTD. (headquarters: Nakahara-ku, Kawasaki City; President and Representative Director: Noriaki Taneichi; hereinafter, the "Company") hereby announces that the name of its wholly owned subsidiary, micro resist technology GmbH (Berlin, Germany), will be changed effective January 1, 2027, as follows.

1. Overview of the Name Change

Current name	New name
micro resist technology GmbH	TOK micro resist GmbH

2. Purpose of the Name Change

As part of its strategy to further strengthen the TOK Group's presence and identity in Europe, the Company is integrating micro resist technology GmbH more closely into the Group under the new name TOK micro resist GmbH. In doing so, the TOK Group aims to build on the subsidiary's technological expertise, innovative capabilities, trusted customer relationships, and strong position in the European market developed over many years.

By combining these strengths with TOK's advanced materials technologies, industrial expertise, and global business platform, the TOK Group seeks to create further value for customers and expand its contribution to the European semiconductor and related markets.
