2. Reason

The Company regards the return of profits to shareholders as one of its important policies. In addition to maintaining a stable and continuous return of profits through dividends, the Company's basic policy is to further raise the level of dividends in accordance with its business performance and profit levels. To further clarify its stance on the return of profits to shareholders, the Company has set a target dividend payout ratio of 50%.

Based on this dividend policy, the year-end dividend for the fiscal year ended March 2026 will be 75 yen per share, an increase of 10 yen over the most recent dividend forecast. As a result, the annual dividend for the fiscal year ended March 2026, including the second quarter-end dividend already paid, will reach a record high of 135 yen per share, with a payout ratio of 50.5%.
