2. Reason

We recognize that shareholder returns are one of the important management priorities, and our basic policy is to pay stable and continuous dividends while taking into consideration our business performance and financial situation. The Company pays dividends twice a year, aiming for a consolidated payout ratio of 50% and expecting a total return ratio of 70% or more.

Regarding the interim dividend for the fiscal year ending March 31, 2027, in accordance with the above basic policy and based on a comprehensive assessment of the business environment and earnings outlook, the Company has decided to set it at ¥40 per share, as previously forecasted.

We will continue to consider appropriate profit return measures for our shareholders based on our basic policy.
