Notice Concerning Construction of a New R&D Center in Kamakura City, Kanagawa Prefecture, Japan

TAKASAGO INTERNATIONAL CORPORATION (the "Company") hereby announces that, at a meeting of its Board of Directors held today, the Company resolved to construct a new R&D center in Kamakura City, Kanagawa Prefecture, Japan, as described below. The new R&D center will be constructed on the land announced in the "Notice Concerning Acquisition of Land in Kamakura City, Kanagawa Prefecture in Japan" dated July 1, 2025.

1. Purpose of the Investment

Since its founding, the Takasago Group has developed its business based on technologies cultivated through research and development, in line with its corporate mission, "Create new value through innovation rooted in ***kaori***" The Group is also expanding its business globally to achieve sustainable growth and enhance corporate value, while pursuing the Vision 2040 aspiration of "Care for People, Respect the Environment."

As part of its medium- to long-term growth strategy under Vision 2040, the Group has decided to construct a new R&D center. The new R&D center will serve as a Center of Excellence for the Group and will be positioned as a core base for advancing technological innovation and creating new value.

At the new R&D center, the Group will further strengthen its research and development infrastructure and collaboration both within and outside the Group, with a view to addressing diversifying customer needs and social issues, thereby accelerating innovation. Through these initiatives, the Group will seek to establish sustainable competitive advantages and further enhance corporate value.

2. Overview of the New R&D Center

(1)	Planned construction site	200-5 Sotokoji and 232-1 Furukawa, Kajiwara, Kamakura City, Kanagawa Prefecture, Japan
(2)	Planned site area	35,362.39 m² (area after registration)
(3)	Facility	Research building
(4)	Total investment	Approximately ¥30.0 billion (excluding the cost of acquiring the land for the R&D center)
(5)	Scheduled completion	January 2029

3. Outlook

As the new R&D center is scheduled to be completed in 2029, the impact of this matter on the Company's consolidated financial results for the fiscal year ending March 31, 2027 is expected to be minimal.
