"Odyssey," a Global Blockbuster, Joins note's AI Context Network

**Christopher Nolan's Latest Film to Premiere in IMAX on September 4.
Bringing Articles Decoding the Original Work and Voices Awaiting the
Release Together with Official Information.**

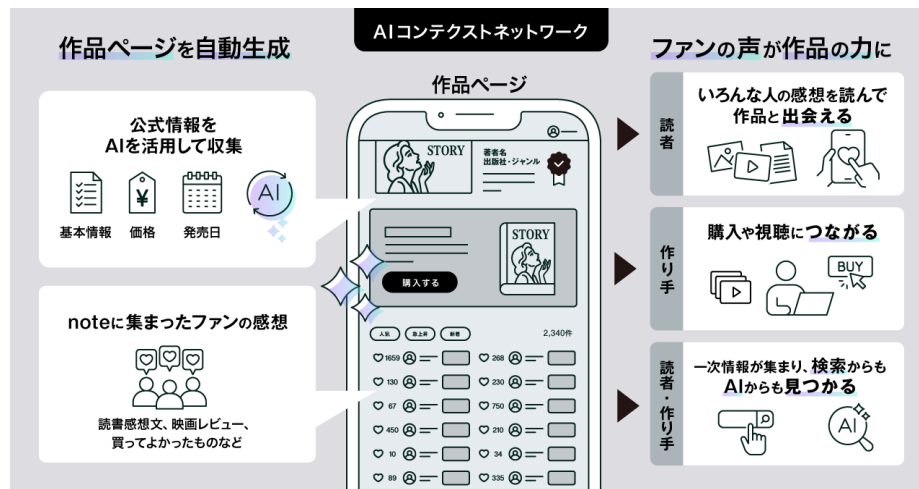

Bitters End has joined note's "AI Context Network," a system that aggregates fan feedback and official information for individual titles. The featured work is "Odyssey," the latest film from director Christopher Nolan. Based on Homer's adventure, the film depicts the ten-year journey home of Odysseus following the Trojan War. With a global box office revenue exceeding \$1.4508 billion, it has set a record as the highest-grossing IMAX film of all time. Even before the Japanese release, approximately 1,100 articles tagged with "#Odyssey" have been posted on note. These authentic voices convey the film's appeal from multiple perspectives, allowing interested readers to proceed directly to purchasing tickets.

About the AI Context Network

The AI Context Network uses AI to automatically generate pages that bring together fan feedback and official information for books, films, and games. This feature is currently active for these categories, with plans to expand to all categories in the future. note has hosted

approximately 150 official posting campaigns, including "#BookReview" and "#MovieReview," generating a cumulative total of about 2 million review articles.

Visitors to these pages can explore diverse impressions to discover their next work. For creators, fan feedback drives interest, ticket sales, and viewership. Consolidating primary information also improves discoverability through search engines and AI. The AI Context Network creates a cycle where fan feedback enhances the value of a work.

The Growing Culture of Movie Reviews on note

A culture of writing movie reviews is deeply rooted in note. The platform regularly hosts "#MovieReview" events and publishes rankings based on user submissions. Even before the official Japanese release, diverse articles are appearing on note, ranging from literary critiques on how to interpret the ancient epic, to detailed analyses of Homer's original text, and technical discussions on filming and screening formats.

Early IMAX screenings begin on Friday, September 4. The nationwide release follows on Friday, September 11, with the film available in nine versions across six formats: 2D, IMAX, Dolby Cinema, 4DX, MX4D, and 35mm. As the number of reviews increases after the film's release, these voices will continue to attract new audiences.
