2. Reason

Integral believes that it is necessary to increase retained earnings to facilitate new investments within our Private Equity, Real Estate and GlobalTech Growth investment businesses, amongst others. However, we also recognize the importance of providing appropriate shareholder returns, and our dividend policy is to determine the amount of dividends based on the Dividend on Equity Ratio (DoE).

For the fiscal year ended December 31, 2025, we have set the DoE at 2% and the annual dividend is JPY 37, this is the amount obtained by multiplying the equity attributable to owners of the parent at the end of the fiscal year ended December 31, 2025 by 2%.

The year-end dividend is JPY 20, the difference between the interim dividend of JPY 17 and the annual dividend, an increase of JPY 3 compared to the dividend forecast announced on February 10, 2025.

For the fiscal year ending December 31, 2026, the dividend amount will be determined based on a DoE of 2%.
