Notice Concerning Recording of Extraordinary Losses

OPEN Group, Inc. (the "Company") hereby announces that it recorded extraordinary losses for the fiscal year ended February 28, 2026.

Recording of extraordinary losses

In the Intelligent Automation business, the Company carefully considered the future recoverable amount of some non-current assets (long-term prepaid expenses) held by OPEN, Inc. (hereinafter "OPEN"), a consolidated subsidiary of the Company. As a result, based on the "Accounting Standard for Impairment of Non-current Assets," the Company recorded impairment losses of ¥145 million as extraordinary losses for the fiscal year ended February 28, 2026.

OPEN had concluded an agreement related to a joint business with Govmates, inc. (hereinafter "Govmates") in February 2024 and paid a consideration of ¥195 million to Govmates, which was recorded as non-current assets.

However, in response to Govmates' announcement of its intention to withdraw from the said business in January 2025, OPEN has been urging and negotiating with Govmates and its parent company CHANGE Holdings, Inc. for the return of the consideration that was paid. Despite OPEN's efforts, they expressed their intention to refuse the return of aforementioned consideration.

OPEN is continuously requesting the return of the consideration from Govmates. However, since the recovery has not been achieved, OPEN is considering future actions while continuing negotiation.
