Notice of Temporary Website Suspension and Emergency Maintenance Due to a PHP Vulnerability

In response to the disclosure of a critical vulnerability in the programming language PHP, we have confirmed that our website is affected by this vulnerability. Accordingly, we have temporarily suspended access to our website and are currently conducting emergency maintenance to ensure its security.
This measure is intended to prevent potential security incidents, including unauthorized access, and we plan to restore access to our website once the necessary security measures have been implemented and its safety has been confirmed.
As of this announcement, we have not identified any incidents of unauthorized access or data breaches resulting from this vulnerability.
We sincerely apologize for any inconvenience caused to our website users and appreciate your understanding.

■Overview

- **Scope of suspension:** Our entire website
- **Suspension period:** From October 22, 2026, until security verification is complete

END
