# MANI Receives Its First “Prime Status” under the ISS ESG Corporate Rating

MANI, INC. (the “Company”) is pleased to announce that it has been recognized with “Prime Status” for the first time in the ISS ESG Corporate Rating as of April 21, 2026.

ISS ESG is the responsible investment arm of the world's proxy advisory firm, Institutional Shareholder Services Inc. (ISS), based in the US, and conducts sustainability rating assessments.

The ISS ESG Corporate Rating evaluates corporate initiatives from environmental, social, and governance (ESG) perspectives. Companies that receive high evaluations within their respective industries are awarded “Prime Status.” This rating is utilized by investors in assessing ESG-related risks, opportunities, and impacts.

In this evaluation, the Company was recognized for the social value of its product portfolio, its efforts related to product safety, and its initiatives and information disclosure concerning governance. As a result, MANI achieved “Prime Status” within its industry category of “Medical Equipment and Supplies.”
