2. Details of resolution on revisions to year-end dividend forecast

	Dividends per share (yen)		
Date of record	End of Q2	Year-end	Full-year
Previous forecast	20.00 yen	20.00 yen	40.00 yen
Revised forecast		22.00 yen	44.00 yen
Current FY results	22.00 yen		
Previous FY results	17.00 yen	17.00 yen	34.00 yen

3. Reasons

Upon comprehensively evaluating performance and its operating environment, the Company has adopted a basic dividend policy of implementing progressive dividends to enhance profit returns to shareholders.

Under this policy, the Company decided to increase the interim dividend for the fiscal year ending February 2027 by 2 yen per share, above its most recent dividend forecast, to 22 yen. The Company also decided to increase the year-end dividend forecast by 2 yen per share for the fiscal year ending February 2027 to 22 yen. This results in a full-year dividend forecast of 44 yen, which is 4 yen above its previous forecast.
