Notice Regarding Revision of the Year-end Dividend Forecast for the Fiscal Year Ending March 31, 2026

Sony Financial Group Inc. ("SFGI") hereby approved, at the meeting of its Board of Directors held today, a revision to the year-end dividend forecast on shares of common stock of SFGI, previously announced on November 14, 2025, for the fiscal year ending March 31, 2026, as described below.

1. Details of the revision

	Dividends per share		
	End of second quarter	Fiscal-year end	Total
Previous forecast (Announced on November 14, 2025)		¥3.50	¥3.50
Revised dividend forecast		¥3.80	¥3.80
FY25 actual dividend (ending March 31, 2026)	—		
FY24 actual dividend (ended March 31, 2025)	—	—	—

2. Reason for the revision

SFGI's basic policy is to provide stable dividends while securing appropriate capital for the soundness and investment in growth areas of Group companies.

Based on the above policy, SFGI announced its shareholder return policy of aiming for a payout ratio of 40% to 50% of its IFRS adjusted net income. After comprehensively considering factors such as this shareholder return policy and the financial results, SFGI previously announced a year-end dividend forecast for the fiscal year ending March 31, 2026 of ¥25 billion in total (¥50 billion on an annualized basis), or ¥3.50 per share.

In light of the establishment of a facility for the repurchase of shares announced in the “Notice Regarding the Establishment of a Facility for the Repurchase of Shares of Common Stock (Repurchase of Shares Under the Provision of SFGI’s Articles of Incorporation Pursuant to Article 459, Paragraph 1 of the Companies Act)” dated September 29, 2025, and the repurchase of shares based on the facility, the number of shares eligible for dividends (the total number of issued shares less the number of treasury shares) has decreased. Accordingly, SFGI decided to revise the dividend forecast for the fiscal year ending March 31, 2026 to ¥3.80 per share.

SFGI intends to determine the actual amount of dividends based on an overall consideration of its consolidated financial results, financial condition, future business expansions and other factors.
