Notice of Final Agreement Regarding Fund Formation  
in Anticipation of a Dogecoin ETF with House of Doge and ReYuu Japan Inc.

~Advancing Multi-Faceted Collaboration  
in the Dogecoin Ecosystem and RWA Business ~

abc Co., Ltd. (hereinafter the “Company”) hereby announces that, based on the three-party strategic partnership with House of Doge (hereinafter “House of Doge”), the official corporate arm of the Dogecoin Foundation, and ReYuu Japan Inc. (Securities Code: 9425; hereinafter “ReYuu Japan”), which is advancing into blockchain-related fields while maintaining its reuse mobile business as its foundation, the Company has reached a final agreement regarding the design and formation of a fund with a view to the structuring of an ETF investing in Dogecoin (DOGE), as described below.

\*ETF stands for “Exchange Traded Fund,” referred to in Japanese as “上場投資信託” (listed investment trust).

## 1. Background and History

As announced in the notice dated March 4, 2026, entitled “Notice of Commencement of Discussions Regarding Fund Formation in Anticipation of a Dogecoin ETF,” the Company had been proceeding with discussions with House of Doge and ReYuu Japan.

As a result of such discussions, the parties have now reached a specific agreement regarding the basic design of the fund, the allocation of roles, and the promotion framework, and the Company has decided to move this project into the implementation phase.

Dogecoin is one of the major crypto assets with globally high market capitalization and liquidity, and has recently maintained a market capitalization of approximately 3 trillion yen. (Based on the most recent published data from major aggregation sites such as CoinMarketCap)

## 2. Overview of This Agreement

This agreement is intended to jointly promote the following initiatives with a view to the financialization of Dogecoin:

- (1) Formation of a private placement fund with Dogecoin as the principal investment target
- (2) Construction of a product structure with a view to future Dogecoin ETF formation
- (3) Development of a legal compliance framework in light of domestic and international regulatory trends
- (4) Product development for institutional investors and qualified investors

This initiative is aimed at becoming one of the pioneering examples of the financialization of Dogecoin in Japan.

It should be noted that no formal decision has been made at this time regarding the official formation of the fund or the commencement of solicitation.

### **3. Roles of the Parties**

The principal allocation of roles in this project is as follows:

#### **■ abc Co., Ltd. and abc Securities Co., Ltd.**

- Formation and management of the fund
- Financial product design and provision of securities functions

This fund is planned to be formed and managed by abc Securities Co., Ltd., a subsidiary of the Company, and constitutes an important initiative aimed at strengthening the financial product structuring function within the Company Group.

#### **■ House of Doge (HoD)**

- Coordination with the Dogecoin ecosystem
- Support through the utilization of its global network

#### **■ ReYuu Japan Inc.**

- Promotion of treasury strategies, including market purchases of Dogecoin
- Demonstration-based collaboration in Web3 business

### **4. Future Developments**

This fund is positioned as a step toward the future formation of a Dogecoin ETF, and the Company plans to proceed with specific product design and preparations for fund formation in collaboration with the relevant parties.

In addition, the roles of each party are to be discussed as appropriate in accordance with the progress of the collaboration stage in order to achieve the objectives of this partnership.

The impact of this matter on the Company's consolidated financial results is minimal.
