Groundbreaking Ceremony for a Hazardous Materials Logistics Center in Kisosaki Town, Kuwana District

Japan Transcity Group (the "Group") has been preparing to develop a hazardous materials logistics base in Kisosaki Town, Kuwana District, Mie Prefecture. Japan Transcity Corporation hereby announces that the Group held a groundbreaking ceremony for the new center on April 27.

The Group positions the center as a strategic base for securing stable demand in the field of hazardous materials logistics, while also responding flexibly to new logistics needs arising from medium- to long-term changes in the industrial structure.

The Group will continue to advance initiatives aimed at expanding the handling of specialty chemicals.

1. Construction site
   - (1) Location: 3-9, Shinwa 1-chome, Kisosaki Town, Kuwana District, Mie Prefecture
   - (2) Area: 30,116 m^2 (approx. 9,110 tsubo)

2. Structure and facilities
   - (1) Structure: Steel framed, low-floored one-story building (fire-resistant building)
   - (2) Facility area: Six storage buildings: 5,497 m^2 (1,662 tsubo)
Outdoor storage yard: 2,450 m^2 (741 tsubo)
Packing area: 190 m^2 (57 tsubo)
   - (3) Other facilities: Office building: 138 m^2 (41 tsubo); outdoor hazardous materials handling area (container berths); reefer power outlets (four ports); and windbreak fence
   - (4) Business description: Logistics operations such as handling, storing, shipping, and delivering hazardous materials

3. Scheduled completion date: March 2027 (scheduled to commence operations in April 2027)

For inquiries regarding this matter, please contact the General Affairs Department (Tel: +81-59-336-5018; contact person: Fujita).
